A wide range of delicious local products are among the attractions of the town of Hokuryu. Visitors to the town can enjoy a variety of food including "Himawari" melons and watermelons in addition to "Himawari" rice grown with reduced amounts of agricultural chemicals, as well as "Kurosengoku" soybeans higher in healthy nutrients than other black soybean species.

The magnificent view of an expansive yellow carpet of approximately 1.5 million sunflowers covering a 23.1-ha hill is sure to catch the eye of visitors.

The Sunflower Festival is a major event in Hokuryu Town that lasts for an entire month while the sunflowers are in full bloom.

A sunflower maze, fireworks display and many other enjoyable events are held during the festival. Sunflower-related products, melons, watermelons and other local specialties are sold and shipping services are available. The Sunflower Festival has become a major summer event representing Hokkaido.

■ The best time to view sunflowers is from late July to early August.

■ The festival features a sunflower maze, sunflowers from around the world, bicycle rentals, and a tourist center where souvenirs and snacks are available.

A great summer event
